

HENRICO COUNTY PUBLIC SCHOOLS, VA
 REDISTRICTING STUDY 2021: PUBLIC INFORMATION SESSION SURVEY SUBDIVISION CONCERNS

The following table shows a list of subdivisions that have provided input via the November 7 and 13 Public Information Session Survey form. The survey opened November 7, 2019, and closed November 24, 2019. The table identifies what the respondents concern/desire is, and how the options relate to their concern. Any option cell colored in orange reflects an unfavorable option for the particular community, and the green colored cells represent where the option favors the particular community's concern/desire. As with everything, this information is provided to better understand the public's concerns, but all options should be considered with the overall redistricting guiding principles in mind.
