

2025-26 Redistricting Study

Public Information Session #2 Fast Facts

Background

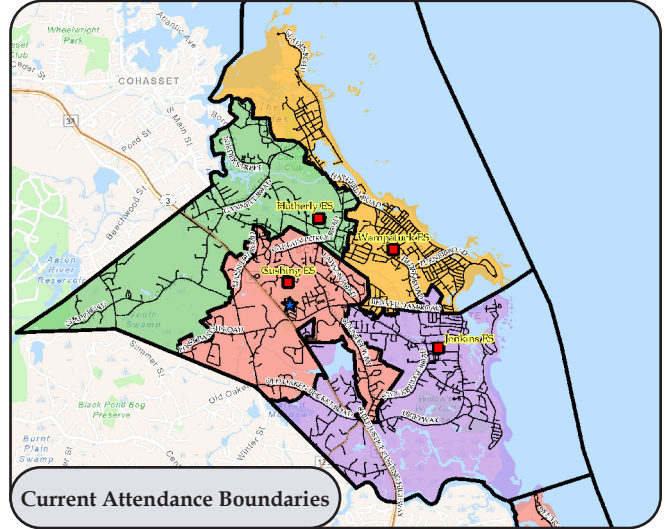

With direction from the School Committee, Scituate Public Schools (SPS) is launching a redistricting and student-assignment study to prepare for the Fall 2027 opening of the New Elementary School on the Hatherly school site.

The district is also discontinuing the use of the current Cushing Elementary site, and the primary objective is to balance K-5th grade enrollment across the district's three elementary schools: New School, Wampatuck ES, and Jenkins ES.

Pre-K students from across the district will attend the new school.

We are tasked with meeting the following objectives:

Establish the elementary school attendance areas among the district's three schools (New School, Wampatuck, and Jenkins) for the Fall 2027 school year.

School Committee Presentation

April 27th, 2026
Scituate High School Library
6:00 pm

School Committee Vote

May 18th, 2026
Scituate High School Library
6:00 pm

Redistricting Criteria

Cropper GIS has developed a body of criteria to guide this redistricting study. The following criteria are not listed in any order of importance and the recommended plan will be one that best adheres to these criteria as a whole as best as possible:

- a) Balance school facility utilization.
- b) Consider economic, cultural, and ethnic diversity.
- c) Maximize busing efficiencies in transportation of students
- d) Make every effort to establish contiguous zones
Account for future economic growth to Allow for increasing attendance in high growth areas.
- e) Ensure that planning is done with an overall focus on what is the safest and most secure plan for all students in the district.
- f) Use major roads and natural boundaries wherever feasible to define attendance zones
- g) Minimize impact on students.
